LORD MAYOR CORK SAYS WAS INVITED HERE TO TESTIFY; CHAIRMAN DENIES

SINN FEINERS TOSS A BOMB AMONG POLICE IN CORK; FIGHT WAS ON

POLICE KILLED 16 IRISH WHO HAD WAYLAID TROOPS

(United Press.)
DUBLIN, Jan. 5.—Sixteen Sinn Fein were killed near Kanturk after ambushing the military patrol. It was reported here today. Other members of the party of captured soldiers escaped injury. Fighting broke out in Cork when a bomb was tossed into a group of six policemen, who were wounded. The officers replied with machine guns, crippling a number of attackers.

Twelve Killed
(United Press.)
LONDON, Jan. 5.—Twelve Sinn Feiners were killed after being captured near Kanturk, Sinn Feiners charged here today on receipt of cable messages. Four others were killed in fighting following an attempted ambush of military forces, the messages said.

Attempt at Ambush
(International News Service.)
LONDON, Jan. 5.—Sinn Fein Sinn Feiners are reported today as killed in a battle with British soldiers near Kanturk, Ireland, according to unconfirmed reports. An attempt was made to ambush the crown forces.

Many Captured
(The Associated Press.)
LONDON, Jan. 5.—Sixteen members of the party that waylaid a troop detachment near Cork were killed by soldiers and the remainder captured, says a Dublin dispatch. No troops were injured.

Will Not Demand Surrender
(United Press.)
LONDON, Jan. 5.—Irish peace negotiations took an important turn today when the Irish office announced that it would not demand the surrender of the alleged Irish murderers before peace discussions are concluded, but will turn over names and records to the South Ireland parliament, leaving the new Irish government to deal with them. DeValera is expected to issue a statement soon addressed to "all Irishmen at home and abroad." The contents are not yet revealed.

GA. LIQUOR RING IS CLOSELY ORGANIZED SAYS PROHIBITION OFFICER

(International News Service.)
SAVANNAH, Jan. 5.—The Chatham county liquor ring, according to Federal Prohibition Inspector Jesse Mercer, for Georgia, is so thoroughly organized it would not stop at murder. "To put it as my many influential Savannah citizens have, the conditions in Savannah are dangerous, unwholesome and dangerous," Mercer said, though on the surface the liquor traffic seems improved in amount of the scarcity of money and well needed publicity by newspapers. "Conditions are simply camouflaged. There are less than a dozen violations of law but the business is being dangerously conducted behind closed doors," said Mercer. He will remain here until Sunday and then make a confidential report to the department at Washington.

FORMER MEXICAN BANDIT MAKING ADOBE BRICK

(International News Service.)
MEXICO CITY, Mexico, Dec. 27.—General Pedro Zafra, the reformed bandit, now with General Francisco Villa, who has also turned over a new leaf, at least for a time, is reported to be making adobe-brick at the Camutila hacienda in the State of Durango. The story of Zafra's honest turn was brought to Mexico City by Colonel Luis Alvarez (Zafra) on his arrival.

RUSSIANS PLANNING SPRING DRIVE INTO RUMANIA, GALICIA

(United Press.)
PARIS, Jan. 5.—The Russian government is planning a spring drive into Rumania and Galicia, according to military experts here today. Recent developments along the western frontier of Russia convinced critics that the Soviet army will drive into those territories when the weather permits. A new European war with various nations dragging, and toppling one another into fighting was seen as a possible consequence.

NO WARSHIPS BEING BUILT FOR JAPAN IN ENGLAND, 'TIS SAID

(International News Service.)
LONDON, Jan. 5.—It is officially denied today that any warships are being built in England for Japan, but it is admitted that some armor plate is being constructed here for the Japanese government.

FARMERS TAKE THEIR TOBACCO BACK HOME FOR HIGHER PRICES

(United Press.)
LEXINGTON, Ky., Jan. 5.—Tobacco sales in the Kentucky Burley belt closed today, following practically a boycott organized by tobacco raisers. When they discovered the price of tobacco had returned to peace time levels, the farmers took their tobacco back home, announcing that they would store it until better prices were obtainable. Cancellation of planting this year was also threatened.

INQUIRY RECEIVED FROM HARDING AS TO GOLF GROUNDS AVAILABLE HERE

The rather pessimistic view which some have taken regarding the possibility of President-elect W. G. Harding visiting the Triple Cities on his proposed trip this month and next was dispelled today by the receipt of the following telegram:
"Washington, D. C., Jan. 5.—Robt. S. Holmes, 'Daytona Beach, Fla. 'Have you got golf grounds where President-elect could take recreation?' Wire reply."
Signed, M. C. BRIEN.
The above wire would lead those interested to believe that Mr. Harding's plan to visit the Triple Cities had not been changed, and that he will be here, at least for a short visit late in January or early in February.
This afternoon a cordial invitation was extended to the president-elect signed jointly by the Hotel Clarendon, Hotel Ormond and the Daytona Country Club Golf as well as the local business community, to make use of their golf courses while here.
Invitations have been extended previously by the Auditorium committee, the Elton and other fraternal organizations, the Chamber of Commerce, the Women's clubs of the Triple Cities and by the state senators from Florida, and it is now believed that these efforts to have the President-elect stop here will not be without avail.

Lively Speculation Over Harding's Staff in Executive Offices

BELIEVED THAT MANY OF THOSE WHO HAVE WORKED WITH PRESIDENT-ELECT DURING LAST SEVERAL MONTHS AT MARION, OHIO, WILL GO TO WASHINGTON FOR POSITIONS IN WHITE HOUSE—THREE MENTIONED FOR SECRETARY.

(International News Service.)
WASHINGTON, Jan. 5.—There is great speculation here concerning the White House staffers for the next four years.

The staff of the White House executive offices are the White House staffers, for the ordinary visitors to the executive mansion have to go through the mill of the executive offices before they ever get to the President or the President's secretary.

George B. Christian, Jr., Richard Washburn Child and Malcolm Jennings are most prominently mentioned for the position of secretary to the President. Christian appears to have the inside track now. He has been secretary to Senator Harding during his term of office in the Senate, and the senator is known as one who stands closely by those who have stood by him, so it is generally believed that Christian will succeed to the office now held by Joseph Patrick Tumulty. Christian is also from Marion, Ohio, and is a next-door neighbor of the Hardings. He served in the army during the war despite the fact that he also had a son in the service and he himself was many years beyond even the highest draft age.

Rudolph Forster, present executive clerk at the White House, is like the brook of political fame, he goes on forever. Presidents may come and go, but Forster remains on. He is the mentor of all presidents, for he knows presidential procedure and is

the only man who really knows how the clockwork of the White House operates.

"Jimmy" Sloan, lately of the Secret Service, will undoubtedly return to the White House with Senator Harding. "Jimmy" guarded President Roosevelt and Taft, but this summer he left the Secret Service to become a bodyguard for Senator Harding during his campaign. It is understood that he has tired of the work of a Secret Service man and he will probably be one of the executive secretaries at the White House during the Harding administration.

President Wilson has a male stenographer to handle his dictation. President-elect Harding has done his dictating to two young women throughout the campaign and since his election. It is very probable that Miss Eve Uhl and Miss Coranelli will go to the White House with Senator Harding to act as his personal stenographers.

Miles McCabill of the Secret Service is at present in charge of the duty of guarding the president-elect. It is very probable that "Mac," as the senator calls him, will be a familiar figure about the White House for the next four years.

All of these people have worked together with Senator Harding for several months now, and it seems highly probable that the entire staff of the Harding headquarters in Marion will become the White House staffers after March 4.

SOCIALIST MAYOR OF DAVENPORT QUITS THE JOB; NO COOPERATION

(The Associated Press.)
DAVENPORT, Ia., Jan. 5.—Dr. C. L. Barwood, elected mayor of Davenport on the Socialist ticket a year ago, announced today his resignation from the party. He declared there was no co-operation from the Socialist adherents who had permitted their radical ideas to interfere with the welfare of the city.

DOCTOR FOUND DEAD IN HOTEL ROOM AT CHARLOTTE, N. C.

(United Press.)
CHARLOTTE, Jan. 5.—Dr. Dunlap Thompson was found dead in a room of a hotel here today with a bullet wound in his head. A pistol, with an empty cartridge lying near the body, led the police to believe the case to be suicide.

\$50,000 RAISED TO COVER EXPENSES OF THE INAUGURATION

(United Press.)
WASHINGTON, Jan. 5.—The \$50,000 raised for the inauguration of the president-elect by the National Republican Committee at the Capitol, incident to the Harding inauguration.

QUARTER OF MILLION DOLLARS WORTH WET GOODS SEIZED IN N. Y.

(The Associated Press.)
NEW YORK, Jan. 5.—The biggest liquor raid here since the Volstead act came into force was made today when \$250,000 worth of wet goods was seized in the wholesale establishment of S. J. R. Brothers by federal agents.

GERMANY THREATENED WITH HUGE INDUSTRIAL STRIKE, HIGHER WAGES

(The Associated Press.)
BERLIN, Jan. 5.—Germany is again threatened with extensive railway and industrial strikes, says a Berlin dispatch. A large majority of railway men voted in favor of a strike and 91 per cent of the workers in the Ruhr and Rhine industrial districts voted favorably on the proposal to strike for higher wages.

CONDITION NATIONAL BANKS DEC. 29TH, CALLED FOR TODAY

(The Associated Press.)
WASHINGTON, Jan. 5.—The condition of currency today opened a call for the condition of all national banks at the close of business Wednesday, December 29.

NO ACTION TODAY ON DISARMAMENT MATTER

(United Press.)
WASHINGTON, Jan. 5.—Senator Borah today urged the Senate to suspend its consideration of the disarmament resolution. The resolution was introduced by Senator Walsh, of Montana, requiring the president to send to Congress a report on the progress of the disarmament movement. The Senate is expected to vote on the resolution today.

COLBY LEAVES FOR HOME AFTER SOUTH AMERICAN VISIT

(The Associated Press.)
MONTEVIDEO, Jan. 5.—Secretary Colby left here today for his home after a visit to the Southern Cone of South America. He was accompanied by his wife and daughter. They will be in the United States for a few days before returning to their home in Washington.

M'SWINEY'S BROTHER AND PRESENT MAYOR OF CORK MAY BE ADMITTED

WOMAN HELD FOR THE MURDER OF CHILDREN KILLED BY SPEEDERS

(International News Service.)
ATLANTA, Jan. 5.—Charged with murder in connection with the killing of two small children last Friday, who were hurled high in the air by an automobile, Mrs. Emma Cooper, 37, was jailed today. The police are searching for Ben Pirkle, whom they say, the woman confessed with her in the death machine. She denies any liquor was in the car or that Pirkle had been drinking. She declares she has no knowledge of his whereabouts. The police say Pirkle, separated from his wife, lived at Mrs. Cooper's boarding house on Luckie street.

REPORT DENIED THAT U. S. PLANS A NAVAL ALLIANCE WITH CANADA

(International News Service.)
WASHINGTON, Jan. 5.—The United States has no plans for a naval alliance with Canada on the Pacific, Secretary of the Navy Daniels said today, denying the report current in London.

CROWDER MAY NOT BE RECEIVED OFFICIALLY BY CUBAN PRESIDENT

(United Press.)
HAVANA, Jan. 5.—General Enoch Crowder may not be received officially by President Menocal, according to the newspaper, La Jirica, because the Cuban government wants to be advised through customary diplomatic channels of the general's mission.

PRESIDENT-ELECT IS MADE THIRTY-SECOND DEGREE MASON TODAY

(The Associated Press.)
COLUMBUS, Jan. 5.—President-elect Harding will be made a thirty-second degree Mason here today. The ceremony will be started at noon by the Grand Master of Scottish Rite Masonry and the initiation ceremony will be held in the evening. The ceremony will be held in the evening.

WEALTH AND HAPPINESS

"A man who says wealth doesn't bring happiness, never saw a small boy who found a pocket full of candy."

TRAILING GANG OF TRAIN WRECKERS IN COUNTRY NEAR ROME

(United Press.)
ROME, Jan. 5.—A band of train wreckers who were active in the neighborhood of Rome, Italy, were today being trailed by the Italian police. The police are searching for the gang, who are believed to be active in the neighborhood of Rome, Italy.

AWAITING RULING OF IMMIGRATION AUTHORITIES NOW

(The Associated Press.)
NEWPORT NEWS, Jan. 5.—Continuing his attitude of silence as to the purpose of his visit to America, Daniel O'Callahan, lord mayor of Cork, who with Peter MacSwiney, of New York, brother of the late Terrence MacSwiney, arrived here late yesterday as a stowaway on the American steamer West Cannon, is awaiting today a ruling from the immigration authorities at Washington which will decide whether he will be permitted to enter the country.

MacSwiney who had a passport issued to him by American consular officers in England is free to leave at will.
O'Callahan declared editors of the New York Nation, invited him to testify before the commission investigating the Irish situation and expressed himself at a loss to understand the statement from O'Callahan the last night that he had never been asked to appear. He said the invitation was extended several months ago.

May Waive Passport
(The Associated Press.)
WASHINGTON, Jan. 5.—The department of labor said today they will hold O'Callahan until immigration authorities determine whether he is admissible to this country. If held admissible the case will be referred to the state department to determine whether the department is willing to waive the absence of a passport under the circumstances surrounding the case.

RUSSIAN CHILDREN, BROUGHT HERE BY AN OFFICIAL, TO REMAIN

(The Associated Press.)
WASHINGTON, Jan. 5.—Seven Russian children, brought to the United States by Rear Admiral McCully, former American high commissioner at Sebastopol, ordered deported by immigration authorities at Ellis Island probably will be admitted to this country, it was said today at the department of labor.
Officials said that in view of McCully's statement that he intended to educate the children to make them his heirs, Secretary Wilson was expected to order their admission. McCully is a bachelor.

CLARK TELLS THE HOUSE NORTHERN NEGROES TO BLAME

(The Associated Press.)
WASHINGTON, Jan. 5.—Representative Clark of Florida, told the house census committee today, that Florida is giving the negro every right under the law, but that the negroes are to blame for the state's poverty. Clark said that the negroes are to blame for the state's poverty. Clark said that the negroes are to blame for the state's poverty.

A CENT ISN'T A PENNY

There has always been an unanswered mystery as to what becomes of the great quantity of needles and pins and cents. Factories add mints are kept running continually to keep the supply up with the demand. And then frequently the production fails to keep pace with requirements.

Ray T. Baker, director of the United States mint, tells that the mints where cents are made frequently run night and day, turning out the "most artistic and beautiful medal ever minted" at an annual rate of 3,750,000,000.

The cent is an industrial worker, as busy as the bee, and ought not to be thrown aside. A hive of them properly directed, will produce a flow of golden honey.

The little bronze cent now common to us had its beginning in 1864, when a brother two-cent piece, new discarded, was also coined. Our cent, though, dates back to 1786, when an act was passed by congress, the act being modeled by that wise man, Thomas Jefferson, to coin a cent, 100 of which were equal to a dollar in value, and the 100 to weight two and one-fourth pounds. This was the first use of "cent" in our coinage.

The size and weight has been changed a number of times since, but never the name. Yet for 135 years people have found no small number insisted in calling the cent a "penny" an English term. Mint officials, for a great many years, have tried to eliminate applying the term "penny" to the cent, but have failed.

Director of the Mint Baker says, "They are emphatically no pennies, any more than they are coconuts, or farthings or yen." Anyhow, give us plenty of them. What is that about the rose smelling just as sweet under some other name?

NEW DISH—GOLDFISH

Goldfish is the name soldiers gave canned salmon. The idea of eating goldfish seemed like a joke. But tons of real goldfish now are being eaten quite seriously in some larger cities of the United States.

Seriously is the correct word. For goldfish are said to contain bones too fine to permit the eating to be undertaken lightly. However, boniness is a quality not unknown in fish more commonly served as food. And the flavor is said to be good.

The goldfish now sold in markets are netted in certain marshes along Lake Erie.

They were unknown in 1912. U. S. hatchery officials think those now being caught are the increase of goldfish which escaped from the aquariums of Belle Isle at Detroit in 1912.

These are not the fancy little goldfish of the glass bowl. They are heavier fellows which grow to half a pound. The fishermen call them wild goldfish. Not to suggest that they are dangerous or even particularly shy, but to distinguish them from the smaller varieties sold as pets.

The goldfish have become most numerous where carp are fed for the

BERLIN'S BEST JOKE

A returning American traveler reports that the best joke in vaudeville theatres of Berlin runs like this:

Hans: "So you're back from the war at last!"

Fritz: "Yes, it took me a long time to get back."

Hans: "You must have been the last one."

Fritz: "No, there is one who isn't home yet."

Thus do the comedians of Germany sneer at the deserting war-lord, while the house roars with ribald laughter.

This is about as good news as has come out of Germany for some time.

When a former subject people learn to laugh at their autocrat, it is a sign that they are releasing themselves from the great delusion of hereditary and divine authority.

The rage of the inspired orator shaking his fist at Divine Right is not half as effective as the clown poking Divine Right in the ribs and proving it is only straw.

MARKETING WHEAT

Sometime about January 10, there will be a big meeting at Washington of all kinds of farmers' co-operative organizations interested in marketing grain. The object is to form a terminal marketing company on a nation-wide scale.

The farmers have watched the citrus growers organize themselves and handle their product from the farm into the hands of the retailer. The farmers see that wheat will always be a subject of speculation and manipulation if they permit it to be marketed by people who do not grow wheat.

Wheat producers finally are getting together to arrange for building their own warehouses at all important terminals and will be able to hold their wheat grade up, clean it, store it, or market it as the market demands.

Timely weather note: Freeze onto your job.

Get busy; there's much to do and one day less than 1920 had to do it in.

We haven't noticed that girls are less bold and daring now than in leap year.

Third-class yeoman stole \$72,000 from Norfolk navy yard. He deserves a higher rating.

Mary Garden lost her costume for "Aphrodite"; such a little thing to be disturbed about.

The next generation will wonder what folk meant when they said, "He's sowing his wild oats."

Farm life may have its drawbacks, says Farmer Jones, "but we ain't pestered with bandits."

The Boston Herald asks if there are any favors the government should grant the farmer and not the copper miner and fisherman. Leave it to Boston to mention copper and fish.

NOTED EDUCATORS WILL SPEAK AT CONFERENCE

(International News Service)
ATLANTIC CITY, Jan. 3.—A number of noted educators are scheduled to speak at the national conference of the parent-teachers associations, following the meeting of the department of superintendence, National Educational Association, starting here on March 3, next.

The speakers will include Julia Wade Abbott of the United States Bureau of Education, on "What the School Owe to the Child," Dr. M. V. O'Shea, of the University of Wisconsin, on "The Parent's Responsibility to the Child," and Dr. W. C. Bagley, of Teachers' College, Columbia University, on "The Nation's Opportunity in the Training of its Future Citizens."

DEMPEY STOCK IS DOWN, EXPERTS GIVE CARPENTIER CHANCE

(United Press.)

NEW YORK, Jan. 5.—When Frank Moran finished Joe Beckett in two rounds, fight fadism gave up a lot of nice things it had been thinking about George Carpentier.

He was regarded as a wonder man because he finished the English champion with one punch. But when Moran who doesn't rank one to ten in American heavyweight circles, did the same thing in a round longer, the experts figured the Frenchman would be easy for Dempsey.

Then came the Dempsey-Brennan fight and the champion's stock slumped.

The fight folks think now that the Dempsey-Carpentier affair will be "any man's game."

Against Brennan, Dempsey showed three important things that the critics were dubious about. In his favor was the evidence that he could go under hard pressure for at least twelve rounds and that he can take a hard punch from a hard hitter. The third, less favorable to him is doping him with Carpentier, is the fact shown by Brennan that he is very open and can be reached by a fast man who will carry the fight to him.

Against Fulton, Willard and Mike, his last fights Dempsey carried the fight and proved the truth of the German theory that a perfect offense needs no defense. Dempsey got that trio before they had a chance to get him.

He evidently figured that Brennan would cover up and try to last as long as possible. Instead Brennan fooled him and dashed out of his corner on the offensive. Dempsey was baffled when Brennan insisted on carrying the fight to him and he had to wait his chance.

Carpentier has a punch and so has Dempsey, thus strengthening the opinion expressed before that the first one to get his punch across will win the fight.

Joe Beckett is now an admitted second rater, so Carpentier's quick work with him cannot be overestimated. However, the Frenchman may fight Moran and the result will be interesting.

Brennan is a better fighter than Moran, but only slightly. If it takes Carpentier more than twelve rounds to finish Moran, Dempsey will look better.

However, it must be considered that Dempsey was not himself against Brennan. He was overtrained and he was cold for six rounds.

He also showed the lack of work. He worked his way up to Willard by steady fighting and then grew rusty by having only two bouts in seven months.

Joe Willard made Benny Leonard step some to beat him and all the lightweights, who were dodging the champion before, are now hot after him.

The heavyweights probably will figure the same way about Dempsey and will be more willing to get in the ring with him.

If he gets enough work between now and July 4, next, the tentative date for the next big defense of his title, Carpentier will not face the Dempsey that Brennan did.

FLIGHT TO NORTH POLE

PHILADELPHIA, Jan. 5.—To cross the North Pole in an airplane is the determination of Captain Robert A. Bartlett, who was master of the ship on which Admiral Peary discovered the top of the earth. Bartlett is a veteran of five polar expeditions. He says the flight will cost \$300,000.

MERRY SEX WAR IN UNCLE SAM'S MONEY FACTORY

(International News Service)

WASHINGTON, Jan. 5.—A merry sex war is in progress in Uncle Sam's money factory.

The war started when the Plate Printers' union in the Bureau of Engraving and Printing made formal charges that there were too many "trifling girls" in the bureau and that they were retarding the efficiency and the amount of production of paper money. In their charges the plate printers intimated that too much time was spent by girls employed in the bureau in administering "little dabs of paper and powder." In fact, it was intimated that the plate printers objected to "happies" being employed in the bureau.

The plate printers let themselves in for trouble. Federal Employees' Union, No. 165, embracing the women employees of the bureau, at an indignation meeting condemned the attitude of the plate printers, denied their charges and deplored their giving publicity to what they alleged to be a mis-statement of facts.

Miss Gertrude McNally, secretary of the union, declared that the records of the examining division showed that the greatest percentage of spoilage of printers' work is for "sly-wipes," "lifts," and "breaks," which spoilage could in no way be attributed to the assistants.

"Plate printers are paid by the piece rate, and in many instances the presses are speeded up for production at the expense of the quality of the work," Miss McNally stated.

It is predicted that the charges of the Plate Printers' Union will result in considerable friction in the future between the printers and their assistants, since if inefficiency does exist the responsibility for the same has been placed by one side on the other.

JAZZ MAKES A HIT IN FAR OFF TAHITI

(The Associated Press.)

PAPEETE, Tahiti, Jan. 5.—Those who have the long voyage to the South Seas in the hope of escaping the extravagances of civilization are likely to meet with bitter disillusionment before they have been in the islands many hours.

The hostile atmosphere of the metropolitan dance hall has been wafted across the long miles of blue sea to these isolated shores, and Broadway flaunts brazenly through the shadows of the tropical groves. The gramophone has come to Tahiti and has been acquired by every native who could and the wherewithal. And now the peaceful idyls, broken heretofore only by the sound of the distant booming of the surf on the barrier reef and the soft cadences of native singing, are shattered by the sonorous blast of the latest jazz or the screech of the regatta favorite on the sandville circuit.

Committee from Council to Co-operate with Tourists to Provide Comforts on Beach

Council E. Jefferson Tracey, at the regular Monday evening meeting of the city fathers, gave notice in most emphatic terms that he would at the next meeting present an ordinance to compel all non-residents to pay a license fee of \$200 for the privilege of letting an auto for hire. Mr. Tracey seems to think the tourists or the "Snowbirds," as he calls them, are asking altogether too much from the people here. He insists that garbage men who pay taxes and help improve and maintain the roads, should be protected from unfair competition. He says the "Snowbirds" come down here for two or three months and then leave, and maybe they will come back some time, and maybe they won't.

It was pointed out by Councilman Bradley that most of the non-residents who would want to rent their automobiles for hire during the present season had already received and paid for their licenses and that they were good until next May. He thought that as long as they could not be interfered with this year that it would be better to put off the passing of the desired ordinance until later, so that when the tourists came back next year they would know just what provision had been made and what they are up against. Mr. Tracey, however, insisted on immediate action and has his ordinance all ready for presentation at the next meeting.

At the convening of the council there were present J. B. Chambers of Kentucky, William Anderson of Iowa, and N. C. Water and C. H. Drum of Michigan, the committee appointed at the tourists' meeting to present to the council some of the desires of the visitors here, which they say is necessary to their comfort. Mr. Chambers, as the chairman, introduced Mr. Water as the spokesman of the party, and he proceeded to name briefly some of the things the tourists would be pleased to have, which included improvement in the croquet and horseshoe pitching grounds, the checker stands, free bridge, the illumination of the concession buildings that have recently been erected on the beach, and above everything else, sufficient comfort stations to answer the needs and be suitable for the use of both sexes.

Raises Objection.
William Anderson, another of the committee, said that six years ago he brought 21 people here from his locality and that many of them had been coming back ever since. He said on his first visit he could get a season-pass on the bridge for \$7, and now it costs \$15 or \$20, and that he would not be surprised if next year it might be \$50. He said he had met many people leaving here for the want of sufficient camping room. He also criticized merchants for profiteering, claiming he caught one merchant demanding \$50 a pound for army bacon which he knew only cost him 20 1-2c. He charged that the seats that had been provided on the beach were not fit for women to sit in. All of the committee were unanimous in proclaiming this the best natural summer resort place in the world, and that the marvelous beach here would always be a superlative attraction. What was needed, they insisted, was some of the little things that do not cost much and yet are real necessities for the comfort of the visitors.

C. H. Drum of the committee also dwelt upon the necessity for comfort stations, but said if the town would furnish the necessary dirt the tourists themselves could fix up the croquet and horseshoe pitching grounds. He said he was not afraid of a little work.

President Bleekman took the position that all of the hotel conveniences were open and free to the public, whether they were guests or not, but others positively disputed this.

Mayor Niven was ready, as usual, with a very satisfactory way out of the discussion and suggested that a committee be appointed to co-operate with the tourists' committee and see what could be done in the way of providing some of the things at least that had been asked for. The committee named was Messrs. Bleekman, Barbe, Bradley and the mayor.

President Guy G. Bailey of the

Chamber of Commerce was present and presented the matter of having some restrictions on the flying privileges on the beach. He pointed out that it was necessary to avoid possible accidents; that the aviators should not be allowed to fly nearer the town than a thousand feet; that if they do any stunts it should be out over the water, so that if accidents should occur only those who had taken the chance to fly would be in danger; he thought that the aviators should have hangar stations for landing not exceeding 600 feet long; he said that he understood that L. D. Drewery of Seabreeze had already entered a complaint because machines had flown dangerously near to his residence. Mr. Bailey thought there should be some way of preventing every irresponsible aviator from coming here making use of this beach in any way they might see fit. This matter was referred to the street committee and Attorney Pope, with Mr. Bailey as an ex-officio member. They are to provide some way of controlling the matter to the satisfaction of the community.

Protest "Used Car Market"

V. P. Harton, the garage man, presented a protest against the use of a city square on Main-street for a "used car" market. He claimed it was unfair competition for those paying taxes and maintaining a regular garage.

Councilman Tracey was enthusiastically in favor of doing anything possible to get rid of the proposition, and said he was tired of having a lot of men from New York and New Jersey around here every season and encroach on the rights of permanent residents. He also insisted that the place was a nuisance as crowds gathered there and interfered with traffic. Mr. Bleekman did not agree with him and said he never saw any crowds of consequence there. Attorney Pope said that the only way to handle it, now that a dealer's license had been granted the man, would be to have it declared a nuisance, and the matter was turned over to him for action.

It was decided to rent the building belonging to the town near the water works for \$150 per year, and Messrs. Tracey, Barbe and Wilson were given authority to rent it. A notice was received from the county commissioners, saying that \$2,000 on the Peninsula drive street improvement would be available April 1, 1921.

D. D. Erway and E. C. Wise were given permission to build a \$3,900 bungalow and garage in Silver Beach Park in the Piqua and Green addition; also Mrs. Nettie Robbins was given a permit to build a bungalow on Live Oak street.

PENINSULA LOCALS

Mrs. A. B. Allen of Mt. Clemens, Mich., has joined her husband, Dr. A. B. Allen, at the Daytona Beach hotel. Sunday they took a run over to Tampa and looked over that section of the state of sunshine.

Mr. and Mrs. W. H. Courtney are now occupying their new apartment, now nearly completed, over Mr. Courtney's real estate office on Main street. It is commodious and equipped with every modern convenience.

Mr. and Mrs. E. J. Perry of Detroit have just arrived for the winter and are the guests of Mrs. Perry's parents, Mr. and Mrs. Levi Copeman, of Loper, Mich., who have quarters in the Vining apartments.

With the famous "moving picture," "The Stream of Life," which will be shown at the Auditorium next Saturday evening, will also be run two scenarios. One Chester, "Through Winding Walls and Climbing Cataracts," and one Bruce, "Song of the Puddle." They are said to be very entertaining.

THE BREAKERS

At The Breakers hotel are: Mrs. James J. West, Chicago, F. Maltby and Mrs. M. Maltby, New York.

I. R. Lantierback, Baltimore, A. O. Lapham and wife, Mrs. M. E. Hill, Miss Abbie Lapham and Lewis Fay, Cocoa, Fla.

Mr. and Mrs. Harry Shoen, Philadelphia, Miss S. M. Clover, Lakeland, Fla. Mr. and Mrs. J. R. Nantz, Atlanta, Ga.

SEASIDE INN

At the Seaside Inn the following are registered:

A. L. Wilson and Dr. J. L. Bohon and son, Jacksonville, H. L. Long, Chicago.

Misses Hortense Horsene and Enoch Pliskman, Mamaroneck, N. Y., O. A. Love, Tampa.

Mrs. J. L. Dietrich and Mrs. Alan D. Marr, New York City.

Mr. and Mrs. John Nelson and daughter, Miss Mary, of Ottawa, Kan., have arrived for the winter and are pleasantly located in the cottage at 524 Wild Olive street. Mr. Nelson is an old-time merchant, but has turned his business over to his son, and is out here trying the salt air and ocean breezes as a remedy for bronchitis. Miss Mary is a musical artist of considerable reputation, having for some time had charge of the music department of the Baptist State University of Kansas. So far they are very much pleased with their surroundings here. Mrs. Nelson is soon violinist at the Episcopal church.

City Attorney Frank Pope was able to be present. He has been very ill and even now was very glad to see him around again.

NICE JAIL FOR SALE.
COMPLETELY FURNISHED
(International News Service)

ROUNDAUP Mot. Jan. 5—While this city is enjoying crowded streets, winter homes and business houses because of an oil boom, the city jail is deserted and has not sheltered more than one prisoner a month since the state paid dry two years ago, except for a few hundred oil drillers who would find no other place to sleep. As a result Mayor Renshaw is now trying to sell the jail building and equipment in the new county of Golden Valley which has its county seat here. The mayor says the city does not need the jail and the county does. The city needs the money and the county has it. The county commissioners have not yet decided on the proposition, however.

For the convenience of tourists who expect to spend only a short time here the Auditorium management has had issued short term admission tickets. They were placed on sale last night.

Tickets good for two weeks or six successive entertainments in the regular course will be sold for \$1.75.

Tickets good for three weeks or nine successive entertainments will be sold for \$2.50.

Tickets good for four weeks or twelve successive entertainments will be sold for \$3.00.

YOUNG MAN GIVEN JAIL SENTENCE OF 90 DAYS

No response was received from the telegram sent by Louis Yorio, the young-Italian charged with larceny, to his mother in Jersey City. In the meantime other charges piled up against the lad in Justice Selden's court. He has since been found guilty of stealing the tent and practically everything he had. As the mother did not send him the \$50 he wired for Justice Selden fined him \$50, with alternative of serving 90 days in jail. The goods stolen were in Schulte Park and the well known real estate man was the prosecutor. The officials do not pick Yorio out for much of an angel. Marshal W. D. Young took him to DeLand yesterday.

DAYTONA BEACH HOTEL

At the Daytona Beach hotel are: Mr. and Mrs. D. W. Van Drew and C. J. Van Drew, New York, Floyd S. King, Starks, Fla., F. M. Chaffee, DeLand, T. E. Williams, Atlanta, Mr. and Mrs. E. G. Garrett, Jacksonville.

Press Davenport, Atlanta, R. M. Cowan, Pulaski, Frank A. Storer and H. J. Wilmore, Deland, Fla.

Mr. and Mrs. Thomas J. Davies accompanied by their daughter, Mrs. Verne Reed, and her two children, Ike and Tommy Ross, are here for the winter and are occupying the Vista De Lamar cottage at 540 Ocean avenue. They come from Barboursville, Ohio, the place famous for the manufacture of watches.

Miss Lenora Sparkes of the Metropolitan Opera company of New York, who is to open the regular 24 number entertainment course at the Auditorium on Friday evening, January 7, is expected to arrive at Daytona Beach tomorrow and will be a guest of the Seaside Inn while she is here.

Miss Sparkes, from the very inception of her career, has been prominently identified with choral and oratorio performances. Among her first engagements in England after she had returned from a period of study in Italy with Signor Vanucini in Florence, were at the great Whitby and Norwich Festivals, which rank with the most important given in the United Kingdom. There she was associated with such celebrities as Agnes Nicholls, Ben Davies, Watkin Mills and others equally well known on both sides of the Atlantic. Among the oratorios in which she sang leading parts were "The Messiah," "Elijah," "The Redemption," "Judas Macabaeus," "St. Paul," "Samson," "Eli," "The Creation" and "Faust" in concert form.

Here in America Miss Sparkes was chosen to create the soprano part in David Stanley Smith's "Ode to St. Bernard" at the North Shore Festival at Evanston, Ill., the leading event of its kind in the Middle West. She was also one of the principal soloists at the last spring festival given in Detroit and last spring following the southern season of the Metropolitan Opera company. In Atlanta she took part in the festivals in Macon, Ga.; Charlotte, N. C., and Greensboro, N. C. One of her early engagements this fall has been with the Philharmonic Orchestra of New York. Josef Stransky, conductor, at Carnegie Hall. She has also been engaged for several Christmas performances of "The Messiah," including that of the Mendelssohn Choir of Greensboro, Pa., Bertram S. Webber, conductor, and the Reading Choral Society of Reading, Pa., Henry F. Selbert, conductor.

PROTEST BECAUSE OF NO LIGHTS ON THE BRIDGES

Recently many good citizens have been hauled up before the mayor for violating the spotlight ordinance regarding their machines. Several of them claim that their prosecution is unjust for the reason that while the city lights on both sides of the river are kept turned on until 1 o'clock each morning, while the lights on the bridges are turned off all the way from 8 o'clock until 10 o'clock in the evening and that in some instances they are not turned on at all. Such automobile drivers insist it is unfair to pick them up for turning their spotlight on when on the bridge when there is no light on the bridge. It is reported that several of the arrests recently made have been for such a violation. Automobile owners want to know if there is anything either the city or county officials can do to compel the bridge owners, to keep their lights turned on as long as the cities do?

SUPERINTENDENT AND MRS. LONGSTREET ARE HONORED

Monday evening Mrs. Pearl Langstreet's eighth grade of the local school paid a visit to the residence of Superintendent R. J. Longstreet at 127 Ocean avenue and tendered him and his bride, who arrived here from Philadelphia last Friday night, an unusually warm and cordial greeting.

They gave the happy pair a real live surprise and then showered them with all kinds of delicious fruits in abundance and as well their unfeigned warm wishes and sincere welcome.

Fred and Mrs. Longstreet came from Philadelphia by boat, and report a delightful voyage. From the board of trustees and the high school faculty Superintendent and Mrs. Longstreet received a very handsome electric grill, which will no doubt assist the bride in keeping her husband sweet tempered with properly prepared food. She will thus quickly learn the "shortest route to a man's heart."

Mr. and Mrs. Longstreet have been most hospitably received by the good people of Daytona Beach, and it is hoped they will be very happy here.

O. A. Talley of 128 Palmetto avenue has resigned his position with the Triple Cities Tire company and has accepted a position as traveling salesman for the Marks Brothers wholesale grocery house of Jacksonville and will take up his new duties at once. He has been fortunate enough to secure the territory in this immediate section of the state so that he will be able to be at home four nights of the week. Mr. Talley, who had had large experience as a salesman, will no doubt make good.

Local Delegation Granted Requests By Commissioners

Today was another Christmas for delegations from Daytona, to the board of county commissioners, several requests which local delegations made to the board being granted, the local men being shown every consideration in regard to their requests.

The first matter placed before the board, which was in its first session, of their new term, was the request for permission to use the beach south of Daytona Beach, for the world record speed trials of Ralph Mulford, this week. The request was granted by a unanimous vote. The local delegation from the Daytona Beach Motor Racing Association was at the same time granted permission for the beach for the amateur events which will be run off at the same time.

The good roads committee of the Daytona Chamber of Commerce also appeared before the board, to plead their case for the new short-cut route of the Dixie Highway, between the Volusia county north line and the brick in Flagler county. This route was decided upon some time ago, obtained the approval of Chairman Forrest Lake of the State Highway Commission and the contract was let under the regime of Commissioner John A. Kelly. It was understood there was some opposition to the route among new members of the commissioners, and in order to set them right on the proposition, the local committee held a confab with the county men, and explained what had been done, and what the state and Flagler county would do in connection with the new four mile route.

The local committee explained that Chairman Lake had promised that the state would furnish \$6000 toward the construction of this road, and that Flagler county had agreed to the chairman to construct their portion of the road, about three and a half miles of the proposed roadway lying in Flagler leaving Volusia to build but and a half miles. The commissioners agreed that Volusia had obtained a good proposition from the state, and that they would push the construction of their end of the road, as soon as Chairman Lake and Flagler made moves to fulfill their end of the agreement.

It is believed now that there will be no obstacles in the way of the new road, which, although only four miles in length, will eliminate eight miles from the route between Bunnell and Oronoquia to the Ponce de Leon road, and will give motorists a paved route at this point, where nothing but an unpaved unimproved roadway has been endured for some years.

Volusia Given Best Location Orlando Fair

The Volusia county committee, appointed several weeks ago by the county commissioners, to look after details in connection with the exhibit from this county at the Mid-Winter Fair at Orlando, this winter, went to that city Tuesday to select a site for the Volusia exhibit.

The committee was extended the privilege of picking their own location at the fair, this courtesy being extended because this county carried off practically all the prizes at the fair last year. The committee, which was composed of Ferd Nordman of Ormond Beach, R. E. Roper of New Smyrna, E. W. Brown of the Commercial club of Deland, and S. B. Crosby of Daytona, the latter being absent from the trip, selected 2000 square feet of space, the entire north wing of the main, or agricultural building at the fair grounds, by far the best site for an exhibit in the entire fair.

The committee is delighted that Volusia county shall again carry off honors at this year's fair, which will be held February 15 to 19, and every effort will be made to collect the exhibit possible from all portions of the county.

The Eleventh Annual Sub-Tropical Mid-Winter Fair is the biggest event of its kind in this section of the state and the fact that Volusia is such a high place in the esteem of the directors is a matter of congratulation to the committee, whose endeavors the past few years have earned such a reputation.

QUICK GETS CAUGHT, BUT DELAY ESCAPES

(International News Service.)
COLLEGEVILLE, O., Jan. 5.—Quick was slow and Delay was prompt.

The result was that George H. Quick was arrested while Arthur Delay got away.

C. H. Kelly told the police that Quick and Delay, local negroes, were seen stealing potatoes from his commission house at No. 19 East Naghten street.

Arthur Quick was quick in pleading for mercy. Delay, also, was quick in making his escape via a train.

While the arresting officers delayed their quest for Delay, they were quick in getting Quick to the police station.

New Governor of Florida Invited to Open Elk's Fair

Plans for the holding of the great Elk's Fair in Daytona, Feb. 7 to 19 are progressing most satisfactorily, and every indication points to the biggest affair of its kind ever held in the state. Delegations from all Elk's clubs in the state are being invited, and it is expected that Daytona will be crowded with Elks during the two weeks of the fair.

At the meeting of the lodge last evening, it was decided to invite Governor Cary A. Hardee to open the fair and it is believed that he will accept the invitation.

An answer was read last evening to the invitation extended by the local Elks to President-elect Harding that he visit Daytona on his proposed Florida trip which he will make this month and next, before inaugurated at White House. Mr. Harding stated that his plans were not fully decided, and that he thought perhaps he would not be able to visit Daytona at this time, the local Elks and others in the Triple Cities are still of the opinion that he will accept, and address local audiences sometime next month.

The president-elect has several times in the past spoken at the local Elks while here on winter visits to Mrs. Harding's step-mother, Mrs. A. H. King of Magnolia avenue.

Don't forget the date January 25th, Zane Grey's MYSTERIOUS RIDER, at the Daytona Book & Stationery Co. 12-39-11.

More Pledges to Baseball Fund In; Total, \$6,710.50

The fund for the support of the Daytona Islanders baseball team, members of the Florida State league, is slowly growing, several pledges being reported by Secretary S. B. Crosby of the Chamber of Commerce, who has had the subscription list in hand.

The total as reported last Saturday evening was \$6,459.50. To this amount has since been added subscriptions as follows: W. G. Nash, \$50; Shedd Drug company \$19; and L. J. O'Leary \$29, bringing the total at this time to \$6,710.50.

There are a large number of pledges outstanding which the club is anxious to secure within the next few days. It is hoped that all those who have pledged, and who have not reported their amounts as yet, will do so by the end of the present week, so that the fund may be closed.

The large total of the fund made possible the securing of Johnny Martin as manager, who is expected shortly to complete negotiations with local association, after securing permission from the St. Paul management of the American Association to come here this season.

MARY JANE FOOTE IS DELIGHTFUL HOSTESS

A delightful children's party was given yesterday by little Mary Jane Foote, daughter of Mr. and Mrs. Geo. H. Foote, Jr., at her home on Silver Beach avenue. Twelve little kiddies participated in the entertaining games provided for their amusement by the charming little hostess, who was assisted by Dorothy Schulte, daughter of Mr. and Mrs. H. B. Schulte. The house was attractively decorated in Christmas red and tawny Christmas trees were the favors. Dainty refreshments of ice cream and cake were served.

Shaker and Sraeel Reopen Ladies' Novelty Shop

Nothing daunted by the fire which destroyed their place of business last season, Misses Rasheda Shaker and Marie Sraeel have taken a lease on the shop at 19 Magnolia avenue and will reopen the Ladies' Novelty Shop Thursday, January 6. This is next door to where they suffered their fire loss last year, and was formerly occupied by the Little Grey Shoppe. Shaker & Sraeel have been in Daytona the past three seasons and have many friends among the winter visitors. They carry a select line of ladies' wear in silks and lace and also have articles for the children.

EELS CLOG BOILER

(International News Service.)
PORTSMOUTH, N. H., Dec. 27.—Who served home brew to Esh in Folly Lake, York, Me. Someone must have, for half a dozen eels went on a wild expedition which prevented the ferryboat Alice Howland, plying between this city and Kittery, Me., from making several trips.

When Engineer Roberts found his engines wouldn't work he began an investigation which revealed the fact that the pipes between his boilers and tank were stuffed with fresh water eels. The eels had made their way through a series of pipes from Folly Island to Badger Island and thence through a rubber hose into the tank.

Americanization Day Be Observed at Palmetto Club

Americanization Day will be observed on Thursday afternoon at the regular meeting of the Palmetto club, at which time several prominent guests will attend and take part in the program. Among these will be Mrs. W. S. Jennings of Jacksonville, vice president of the General Federation of Women's Clubs, and Mrs. J. W. McCollum, president of the Florida State Federation of Women's Clubs.

An excellent program has been arranged for the day.

The social committee of the club announces the commencement of regular Saturday afternoon card parties at the clubhouse beginning this week Saturday, and continuing throughout January, February and March. Mrs. Max Leidersdorf and Mrs. Crase will be hostesses at the party on Saturday.

Tables for private parties may be arranged in advance, it being understood that prizes for private parties are to be furnished by those in charge of the tables.

The Saturday afternoon card parties were features of the winter season last year, and it is believed will be more popular than ever this year.

We are heavily overstocked on "21 calendars—special offers of 75c values for 50c. Daytona Book & Stationery Co. 12-39-11.

Colored Picture Show Destroyed by Fire This Morning

Fire completely destroyed the picture show house at Midway about 4 o'clock this morning, the blaze which consumed the building being seen for many miles around. John Cushtel, colored proprietor of the show, stated this morning that he believed the building was set on fire, and is investigating the cause of the blaze.

The building was a huge wooden affair, on which the owner had spent considerable the past few months in repairs. The city commissioners had recently ordered all electric wiring placed in conduit, to meet the city ordinance, and this had just been completed, as well as many other improvements to the sum of several thousands of dollars.

When the department was called to the blaze, the flames had secured a head start, which was impossible to overcome, the loss being almost a complete one.

Cushtel states that he will rebuild the picture house as soon as possible.

Keep in mind the Baptist Church.

SHAKESPEARE OUSTED BIBLE IS FAVORITE

(International News Service.)
BERKELEY, Dec. 27.—William Shakespeare, for several centuries noted for his choice English, will be replaced by the Bible in the usual class in Shakespearean literature at the University of California. William was ousted by a vote of 55 to 51 by the upper classmen in favor of the Bible as essential to a knowledge of English literature. As a consequence, Professor Charles Mills Gayley, head of the English department of the university, will lecture on the Bible next semester.

Selection of the Bible as a textbook in literature rather than the works of Shakespeare was decided upon by the class after Professor Gayley advised them to consider objectively the relative merits of the two subjects.

"LOOK TO THE RIGHT"

(Newspaper Enterprise Association.)
WASHINGTON, Dec. 27.—Sight-seeing buses will change their route around the capital. For to visit to Washington would be complete without a visit to the home of Woodrow Wilson.

Wilson's home is off the beaten path of buses—on the outskirts of the fashionable Massachusetts-avenue-Sherman Circle section.

But most sightseers will miss Wilson. For while they are passing in front of the house, Wilson himself will be in a room, overlooking the grounds. This will be his library and study. It's on the second floor and has a southeasterly view across downtown Washington.

WORLD RECORD TRIALS ARE TO BE RUN SATURDAY

On Saturday afternoon Ralph Mulford will attempt to break the world records for stock cars, on Daytona Beach, for distances of from one to five miles, in a Paige car, stripped for racing purposes, but a standard car in every detail.

Preparations have been under way for the world record trials for the past month, while the car was tuned up, and changes made which will make it possible to reach a terrific speed on the beach.

On Saturday, low tide will occur at 2:09 p. m., and it is expected that the speed trials may be run about that time. The distance which Mulford will cover will extend from a point south of the Daytona Beach limits, to Port Orange, the five mile course being electrically wired for the timing apparatus.

Official Timer Capt. R. A. Leavell is expected in the city tomorrow for the trials. Leavell is an expert at handling the timer, and has timed every world record for both automobiles and motorcycles for several years. Electrician H. F. Thompson has the beach equipment in-trim for the trials, and Leavell will set up his timing machine Friday for a try-out before the races Saturday. At the same time as Leavell arrives, Fred J. Wagner and Mr. Means, together with other officials of the American Automobile Association are expected in the city. Mr. Wagner is official starter for all the big races, and will go from here to his big Washington's Birthday races at Los Angeles, returning here later in the season for the great speedway races which are planned by the Daytona Beach Motor Racing Association for early April. Mr. Means is chairman of the contest board of the Trip-A, who have given their sanction for the world record trials here Saturday, and under whose auspices the trials will be run.

There has been a great deal of interest to date in the proposed Saturday events to be run Saturday afternoon, and to date as information has been received from out of town cars as to whether they will enter in the events at that time. A. A. Silve of the New Gables hotel is chairman of the amateur meet and expects to receive some definite assurance as to whether they will be races in connection with the Mulford trials by tomorrow.

The world record for stock cars is at present 102 miles per hour, which was made on Daytona Beach four years ago, with a Hudson Super Six. He is confident that he can put his Paige through a greater speed, as he has been making better than 80 miles per hour for some time with the racer. He is making several changes in his gearing, which he is confident he will have completed in time for the trials on Saturday, when Daytona Beach may once again add to its laurels another world record to the many which are already laid here.

Local Postoffice Breaks All Records at Christmas Time

The Daytona postoffice staff, under Postmaster L. J. Cowan, broke all records this Christmas week, by the handling of an immense shipment of mail, both incoming and outgoing, the number of pouches and sacks far exceeding the record of any one day or like period in the history of the Daytona postoffice.

The fact that not a piece of mail was allowed to remain unsorted or sent forward at the close of the office any night, but was all cleared each day, was a matter for congratulation for the force who were put to the utmost of their endeavors to keep the Christmas mails moving speedily.

For several days during Christmas week the number of letters passing through the machine which stamps all letters going out from Daytona exceeded 14,000, which is compared to the highest number last year of 11,900 and with the usual summer business of about 1,500 per day.

The average mail-handled during the winter months at the local office runs about eight pouches and 50 sacks per day. This may be compared with the following record for Christmas week, that one may have some conception of the immense task which the local force accomplished this year.

Following is the record of outgoing mail for Christmas week:

	Pouches	Sacks
Monday, 28th	10	62
Tuesday, 29th	12	251
Wednesday, 30th	19	153
Thursday, 31st	8	105
Friday, 1st	8	82
Saturday, 2nd	8	27
Sunday, 3rd	7	8
Monday, 4th	8	57

The record set for the incoming mail was even greater than the outgoing, the following being a summary of the business:

	Pouches	Sacks
Sunday, 27th	11	122
Monday, 28th	12	196
Tuesday, 29th	12	251
Wednesday, 30th	19	153
Thursday, 31st	12	88
Friday, 1st	8	82
Saturday, 2nd	11	88
Sunday, 3rd	8	121
Monday, 4th	19	100

Major mail calendars, motto calendars, friendship calendars, all reduced prices, Daytona Book & Stationery Co. 12-39-11.

WHY DIM HEADLIGHTS?

HUNTINGTON, W. Va., Jan. 5.—"Put 'em up!" John Pollard did. The bondsman's gun was against him. Auto with bright headlights turned the corner. Pollard did. "Why make 'em dim headlights?" Pollard asks now.

Benjamin Harrison, in his career as the president in 1888, was the originator of the so-called "front porch" campaign.

Daring Aviator Transfers From Auto to Plane

Riding down the beach at the rate of 80 miles per hour, with Ralph Mulford at the wheel of his racing car, Lynn J. Walker, dare-devil aviator, swung out of the car, a hold of a steel car dropped by the speeding airplane of Stuart J. Davies, and gracefully swung up to the trapeze, from which he hung by one leg while the plane gained momentum, and glided off over the ocean. Walker then climbed from the swinging ropes in the plane, accomplishing what is conceded to be the most daring feat in the aviation game. The transfer from a racing car to a plane has been accomplished before, but it is believed that Tuesday's feat was a record breaker in that the speed of the car and the plane was the greatest in which the stunt was ever attempted.

The crowds which had assembled to watch their breaths in excitement, as Walker swung up to the plane, being greeted with a shower of congratulations as the plane returned to land again.

W. L. Coatsen, photographer, got some excellent pictures of the stunt, which went through without a hitch.

Road Meeting At New Smyrna Next Saturday

A delegation from the Daytona Chamber of Commerce, headed by Secretary, S. B. Crosby, will attend a good roads meeting at New Smyrna, which is an aftermath of the Coast meeting held several weeks ago.

At the Coast meeting it was decided that a delegation from the Daytona Chamber would attend a meeting of the state highway board which is in session at Tallahassee, January 15. The New Smyrna meeting is called to decide just what action will be recommended by the East Coast delegation, regarding the formation of a speed road and bridge district composed of good roads workers on the coast, and to settle other matters which will be placed before Chairman Forrest Lake and the road department at that time.

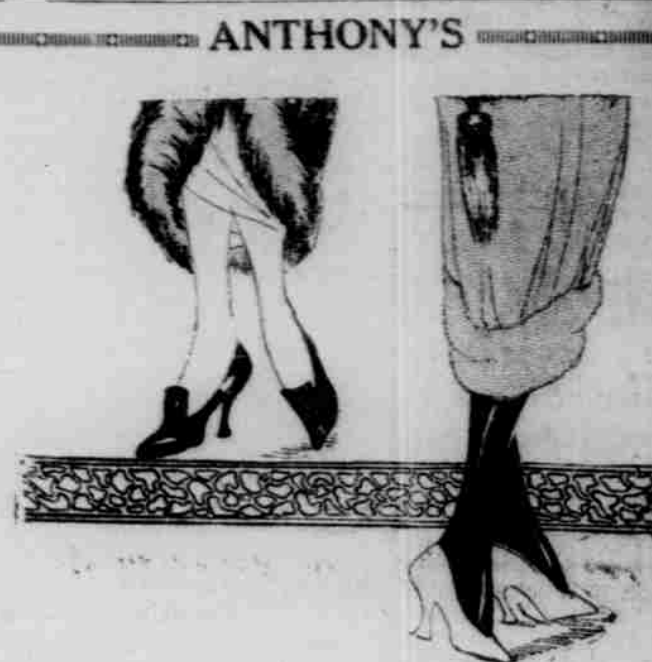

The Daytona good roads committee is co-operating in every way with the state road department, and in return Chairman Lake has favored the committee in several instances, particularly in their stand for the short-cut of four miles at the north end of Volusia county.

LATEST NEWS OFF THE TICKER FROM NEW YORK MARKET

(Dow Jones Service.)

One quarter of a million men are still idle in Detroit, despite the opening of a few of the smaller plants in that city.

New York Herald says today that the administration can halt the carrying out of the War Finance Corporation law as passed by the House and Senate over the veto of President Wilson.

The Studebaker plants at South Bend are to reopen Monday on basis of 30 cars a day, following two weeks closing for inventory. Several automobile plants in Detroit have resumed operations with about 50,000 workers employed, as compared with 100,000 in normal times, representing the first upward trend in the labor situation since the Ford and Dodge plants closed.

Thomson & McKinnon's stock letter today says: "In the new year, we find a different report of wage cuts and divided cuts and more trouble among the farmers, this time in the tobacco section. The market importance of the latter is in retarding business. It would be surprising if during the next few months we did not have a great deal of all kinds of troubles to contend with but it is just like the problem of removing debris of a fallen structure in order to make ready for the construction of a new one. I look for irregularity but with the trend slowly upward and on the reactionary markets stocks should be bought."

HUNTER IS WOUNDED IN BATTLE WITH MOOSE

(International News Service.)

BANGOR, Me., Dec. 27.—George Hinton, of Bangor, one of the best known hunters and guides of the Miramichi river country, is suffering from two broken ribs and many cuts and bruises sustained in a desperate battle with a wounded bull moose in the woods near New Brunswick. He arrived here for treatment.

Hinton shot and, as he believed, killed one of the largest bulls he had ever seen. Turning to observe another moose, the hunter left the wounded animal for a moment. As he did so, the bull scrambled to its feet and charged.

Realizing his danger, Hinton lunged forward upon the moose's horns and clung there until the worried animal shook him loose and fled into the woods.

"KICK" IN THE RADIATOR

FAIRMONT, W. Va., Jan. 5.—Cold day, Moonshine, by auto radiator someone tapped it. So, J. J. Barrett, deputy sheriff, whod put contraband in now use had to buy "non-freeze" liquid to replace it.

GETTIN' JUMP ON 'EM!

FRANKFORT, Ind., Jan. 5.—Wesley Middleton of Vincennes, feeling ill, entered a doctor's office. Other patients jumped through windows. Middleton had the snailpox.

POLAND IS SEEKING PERMANENT PEACE

(The Associated Press.)

LONDON, Jan. 5.—"Poland will loyally accomplish all the obligations she has undertaken and sincerely desires a lasting peace as the Polish government is conscious that a catastrophe would occur as soon as war was reopened."

In these words the Polish government, through its legation here, declares that the suggestions which have been made recently to the effect that hostilities might reopen at any moment between Poland and the Soviet government are without foundation. Continuing the legation asserts:

"The negotiations in Riga will, without doubt, proceed toward a favorable result, as the Soviet government would not like to risk a rupture and to provoke a new war, either at present or in the spring."

"A new war would be most disastrous for Moscow, both from military and economic points of view. Besides, the Soviets do not possess the means of carrying on a great offensive against the courageous Polish army."

ALMSHOUSE INMATE TO INHERIT \$1,000

(International News Service.)

DETROIT, Jan. 5.—Because Caroline Lena Busch worked vigorously over the washing, Frederick Witzka will stay in the Elsie almshouse.

Witzka, seventy years old, for ten years an inmate of Elsie, will inherit the estate of the washerwoman who through years of toiling, saved \$4,000. She was Witzka's half-sister.

Judge Command, of probate court today appointed the Union Trust company guardian of Witzka and administrator of the estate, despite pleas of Frank Furstow, 344 Lawton avenue, a nephew of the old man, who volunteered to look after the money.

Furstow admitted that his affection for his uncle had never been potent enough to cause him to visit Witzka in the almshouse.

Visitors Coming to the East Coast of Florida May Be Assured of Good Service and Reasonable Charges at the Hotels Listed in These Columns

Ridgewood Hotel Open Today Following Addition of Many Rooms and a Modern Kitchen

This morning the Ridgewood hotel, in Ridgewood avenue, Daytona, opened what promises to be one of its best seasons. The Ridgewood is justly popular with many hundreds of people who each year come to Florida from more northern homes, and to any person who has ever visited the place this popularity is easily understood. There is nothing that is within the power of the management to give the guests in the way of comfort and luxuries that is not given, and every year many improvements are made to the building or the equipment, and it always ranks with the very best hotels in the South.

For this season's business improvements amounting to \$100,000 have been made. A fine new addition to the south adds 48 more rooms, and one of the most modern kitchens built in an entirely separate and absolutely fireproof building, are among the new conveniences that have been provided.

New Kitchen a Model
The kitchen is a model of everything modern and up to date; no convenience has been forgotten. The big ovens, the steam tables, the racks for heating dishes, the special equipment for pastries and waffles and many of the other modern devices are fitted with gas, and besides which there is much electrical apparatus. The automatic electric egg boiler is one of the newer conveniences to hotels. Attached to this boiler is a clock which is set for the number of minutes the egg is to cook. If three minutes the water sets the time clock accordingly, goes about other duties, and when the three minutes are up the egg will be automatically moved from the boiling water and so be cooked exactly as ordered. There is a similar, automatic electric toaster and many other conveniences that delight the heart of those who are serving and receive the guest of the very best cooked food.

A checking system has been installed in the kitchen which does away with the old time trouble of guests being served what they have not ordered or failing to get all that they have ordered. Each guest writes his order on a card provided for the purpose. After the order has been given the waitress takes the tray and writes what the guest has ordered, and it is to see that the things ordered are on the tray and as well as the order has been completely filled.

As one side of this big addition is the bakery, which is just as modern as the newest science in cooking will permit, and here will be made everything to the way of bread and pastries that is served in the guests of the Ridgewood.

A fine new cold storage system is among the new improvements added this year, and in it is plenty of room to keep fresh all meats and vegetables used in the big hotel.

The laundry has been carefully equipped in every way, and is located in an entirely separate building.

In building the new addition one thing that too many employers forget has been beautifully remembered by Manager Woodbury. That is a laborer's special room where the laborer can rest, eat, and change his clothes, and on special occasions he can play cards and games or entertain his friends. It is said that in many of the large hotels of the country this comfort and necessity to the well-being of the many men people employed is entirely overlooked.

The Ridgewood employs all white help, with the exception of a few people in the laundry.

All Redecorated
The entire house has been made fresh and beautiful with new paint and paper, and the dining room is especially attractive with wallpaper of a light design and simple white muslin curtains of the windows on either side of the big room furnished with many tables, both square and round, of convenient size.

There is a special dining room that will accommodate about 25 persons that is designed for the use of the guests of any friends of the hotel who may desire to give dinner parties with the privacy and freedom that goes with home entertaining.

There are two pretty dining rooms, beautiful in all their furnishings, that are for the use of the maid and chambermaids that accompany families. These rooms are provided with the same service and the same menus as the larger dining room.

In the basement is another dining room for the employees. Here one person is in charge, and the self-service enables every employee to get just what he wants in a modern cafeteria, only there is no bill to pay. There is also a small dining room for the few colored employees.

The sleeping rooms and apartments in the Ridgewood are models of cleanliness and good taste. No two of them are alike, and in each the furnishings harmonize most delight-

fully. Every guest will find at hand all that can possibly be needed. In every room baths and plenty of hot and cold water, commodious closets, telephone, electric lights, reading tables, writing desk and, in fact, nothing has been forgotten by the management. There are sun porches and sun parlors, music and dancing rooms for the use of the visitors.

Orchestra Here
The big orchestra arrived Tuesday evening, and twice each day will play in the music room adjoining the dining room.

The spacious lobby is most attractive with its subdued lights that harmonize with the grays of the rugs and furnishings, and the entire building is surrounded with one of the finest floral gardens to be found in the city. Nowhere does the poinsettia and other native and brilliant flowers blossom more profusely.

Asst. Mgr. Frank Webber has been associated with E. P. Woodbury, the manager, for 11 years, nine years of the Ridgewood and two years in the big hotel on Lake Champlain, N. Y. Mr. Webber is one of the most genial and courteous hotel men to be found anywhere, and his personality adds to the popularity of any hotel over which he presides.

Among the old-time guests present when the doors were opened to the public were:
Dr. and Mrs. William Gardner, who spend much of the year at the Waldorf-Astoria in New York City. They have been in Daytona for some time and have been at the Morgan until the opening of the Ridgewood, as has also Madame Woodbury of Burlington, Vt., mother of E. P. Woodbury.

Mr. and Mrs. William Dibble of Springfield, Mass.
Mr. and Mrs. Scott Green of Tulsa, Okla.
Mr. and Mrs. Robert Simms of Jackson, came up for the opening.

Mr. and Mrs. T. H. Eckerson and son of Haskinsack, N. J., and Mr. and Mrs. D. Berlin of Detroit, Mich., who will remain for the winter.

There were several parties of local people who attended the opening of the Despland. Among them was one consisting of Mrs. J. W. Irwin and son, Joseph, of Mt. Clemens, Mich.; Mr. and Mrs. M. Gardner of New York and Capt. and Mrs. M. Clark of Long Island.

Another party consisted of M. P. Curran, Mrs. George H. Foote, Jr., Mrs. Jane Cannon, M. C. Fitzgerald, and Mr. and Mrs. T. E. Fitzgerald.

N. Y. LANDLORD LEADS: REST SHOULD FOLLOW
(Newspaper Enterprise Association)

NEW YORK, Jan. 5.—Charles Galewski, a New York landlord, who made 15 families a Christmas present by giving them 20 to 25 per cent. off their rents, has been told that he is to be reduced all over the country.

He disputes the claim that labor costs have not come down. He says he is paying less now for janitors, painters, plumbers and other workers.

"With labor costs down there is only one other important factor in the rent situation," said Galewski. "The going to reduce rents to 20 per cent. families in other apartment buildings I am interested in."

"I was making 10 per cent. on my investment. With the rent reductions in three I am making 10 per cent. That is enough for any owner of a house or apartment."

"The banks can help out rents by lending money on bonded mortgages at an interest rate not exceeding 5 per cent."

TEN PERSIAN CARPETS FOR SALE IN LONDON
(International News Service)

LONDON, Jan. 5.—Ten Persian carpets that once adorned the Shah's summer palace are being offered for sale in London at \$15,000.

The carpets are said to have been rescued from the Bolsheviks, but nothing has been allowed to leak out except that they were brought in England a few weeks ago by a British cruiser.

Their age is some one hundred and twenty years. They were presented to Alexander I, by the Shah of Persia, and subsequently were given to the Prince of Oldenburg, who is the father of the present owner.

The first beet sugar factory in Germany was opened in 1801, but the industry did not get a firm hold until 1830.

PRINCESS ISSENA

The fine days find the spacious porches and lobby of the Princess Iskena deserted as the guests spend the hours at their favorite sports, whether bathing, golfing, fishing or motor-ing.

Monday an automobile party from Orlando had dinner there. The party consisted of H. A. House, W. A. House, Russ E. House, Mrs. W. C. McLean and Mrs. J. A. Alburger.

Among the other guests recently were:
Mr. and Mrs. L. O. Gilbert of Pittsburgh, Pa.
Mrs. L. Gardner and Miss Carrie Gilbert of Detroit, Mich.

Mr. and Mrs. H. B. Williams of New York City.
Mr. and Mrs. R. A. C. McNally of Montreal, Canada.

ENGLAND FAST TAKING LEAD IN FLYING

(International News Service.)
LONDON, Jan. 5.—Steady improvement of air organization in England is reflected in the report just issued by the controller-general of civil aviation.

The aggregate machine mileage since May 1919 is well over a million passenger miles, and the increase in tonnage of goods from 25 to 95 tons is a big achievement.

Several new schemes are under consideration, one for a new air port on the Medway, another for the use of the Thames above the houses of parliament, as a base for airplanes on mail service.

Two more experimental lighthouses are to be put up, one at Lymington and one midway between London and Folkestone, and later the civil air-dromes at Manchester and Retford will be equipped.

Important experiments have been conducted by the department of research into the development of several new types of power plant and if they are successful it will enable a fleet of a higher speed point to be used this making for safety and cheapness.

Several new designs of aircraft are being produced which will enable single engine planes to be adjusted during flight, and other investigations are being carried out to see how far night and fog can be dispensed by mechanical means.

On the estimated expenditure, \$2,000,000 has been saved. This is largely due to the postponement of the opening up of routes abroad, the discontinuance of Mesopotamia and Near East temporarily suspending the provision of the Calcutta-Karachi route.

WOOD TO BURN. NOBODY WANTS IT
(International News Service.)
HELENA, Mont., Jan. 5.—Helena's waste city refuse-burners are in a quandary. They have 600 cords of slash wood awaiting the city council in great piles on lot just back and their difficulty is to "burn" it. There is a big market in wood. It followed the deliveries here to coal coal after the nationwide coal strike of last year, and the city now has more wood on hand than it can use in twenty years.

The firemen are tired of chopping it, there are no prisoners in the city hall to "work it up" the police have a horror of it, and the public, which dominated its purchase a year ago at prices ranging from \$3.50 to \$4.50 a cord refuse to harbor it.

Two presidents of the United States were captured by congress—Jackson in 1834 and Tyler in 1843.

THE GREAT AMERICAN HOME

JUST JOKING

Sharp
He was from the country. Some friends had invited him to dine with them at their favorite restaurant, after which they were going to the theatre. Before sitting down, the rustic visitor walked round the table, feeling the edge of the knives with his finger and thumb.

"What are you doing with these knives?" asked his companions.
"Awn app to city tricks now," explained the yokel. "Last time they gave me a knife so sharp I cut my mouth and couldn't eat no more." — Los Angeles Times.

His Defender
"Do you think your sister likes me, Tommy?"
"Yes. She stood up for you at dinner."

"Glad up for me! Was anybody eating anything against me?"
"No, nothing much. Father said he thought you were rather a dunkey, but he got up and said you weren't and told father he ought to know better than judge a fellow by his looks." — London Saturday Journal.

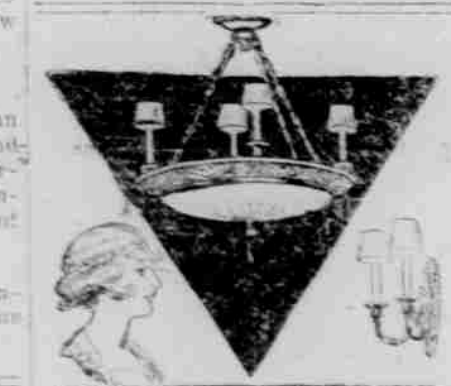

Died at His Post
Jack turned a German-made watch. Recently it refused to run, so Jack took it to the jeweler. He made a post-mortem examination, and when Jack asked for the verdict his watch was handed to him with a piece of crepe that to it, "No hope," was the dramatic verdict of the jeweler.

"What's the matter?" asked Jack, alarmed.
"Found a cockroach inside." — That's what plugged up the works, eh?

"No," replied the jeweler. "The cockroach has been keeping the thing going, but good at his post." — London Telegraph.

Quite So.
They met by chance in the waiting room of a railway station. "My friend," began the man with the hat full of brains, persuasively. "Have you ever reflected on the shortness of life and the fact that death is inevitable?"

MUST NOT SEARCH PASSENGERS FOR LIQUOR

(International News Service.)

WORCESTER, Mass., Jan. 5.—The Boston & Albany road dealt the Volstead act a knockout punch in the second round of their encounter which now makes it prohibitive to search passengers for liquor on the road's property. The first round was won by the "dry agents" who ignored a request of road officials to stop holding up passengers and searching their baggage in the union station here.

The activities of the Worcester "dry agents" are called undiplomatic by J. Rafferty, head of the road's police force. Prohibition agents will not be allowed to disturb passengers hereafter, he said, unless they know a person is transporting liquor.

ALL IN THE FAMILY
LOUISVILLE, Ky., Jan. 5.—John Denford, 44, of Jeffersonville, and Mrs. Katherine Denford, his sister-in-law, were married here. His brother, Ernest Denford, is the husband of the bride's daughter.

According to Lloyd's, the gross tonnage of U. S. shipping vessels has increased 500 per cent since 1914.

"JOHN DOE" WARRANT NOT GOOD FOR SEARCH SAY COURT OFFICIALS

(International News Service.)

PORTLAND, Ore., Jan. 5.—A man's home is his castle and he may defend it, under certain conditions, against prohibition, revenue or other legal agents, Federal Judge C. E. Wolverton has held in sustaining a demurrer in the case of John Pletto and J. Bat-takib, charged with using weapons to prevent federal agents from entering the former's home.

The decision is regarded as far-reaching by local attorneys. No longer will a "John Doe" or "Richard Roe" warrant suffice for police to enter private homes and search for liquor or stills.

Revenue officers endeavored to enter the Pletto home and were met with a volley of shots from the owner. The two men were indicted by the grand jury and charged with using deadly weapons in resisting an officer. "Probable cause is a legal conclusion for the magistrate to deduce, and the mere assertion, under oath, that the affiant believes the law is being violated is sufficient," ruled Federal Judge Wolverton. The court held, as a consequence, that the defendant was entitled to defend his "castle" in any manner he saw fit.

LARGEST IVORY MAT

(International News Service.)

The largest ivory mat in the world measures eight by four feet and although made in the north of India, has a Greek design for a border.

"Have it?" replied the man in the big overcoat, cheerfully. "Well, I should say so, I'm an insurance agent." — London Weekly Tribune.

More to Be Pitted

To the rear door of the house of a lonely spinster, in a Pennsylvania town there recently came a seedy-looking person, who, after being given some food, made so bold as to proffer this additional request.

"Missus, ask your husband if he ain't got an old pair of trousers to give me?"

Whereupon the spinster, anxious not to expose her solitude, replied: "I am sorry, my good man, but he—er—never wears such things." — Harpers.

Dyer—Miss Gray was married the year she came out.
Ryer—What you might call slipped in the bud.—Judge.

Playing Safe
"Rastus, how is it you have given up going to church?" asked Pastor Brown.

"Well, sah," replied Rastus "it's a—er— I likes to take an active part, an' I used to pass de collection basket, but dey's giv de job to Brother Green, who just returned from over thar—ah."

"I recognition of his heroic service, I suppose?"
"No, sah, I reckon he got that job."

"BUY A BRICK" FOR ROOSEVELT HOME
(International News Service.)

NEW YORK, Dec. 27.—Thousands of little cardboard red bricks have been sent broadcast by the Women's Roosevelt Memorial association in its appeal to raise funds to restore the birthplace of the late Theodore Roosevelt at 28 East Twentieth street, with much of its original furnishings.

In support of the unique idea each person who receives one of the bricks is asked to "sign" it and return it with one dollar to the association. All of the bricks containing the names of the contributors will be placed in the cornerstone of Roosevelt House, which will be left January 6, 1921. It is expected that this novel plan for raising the fund will meet with complete success, for thousands who revere the memory of Theodore Roosevelt are "buying a brick" for Roosevelt House.

The Prince of Wales is also earl of Carrick, earl of Chester, duke of Kent, lord of the Isles and great steward of Scotland.

MILLIONAIRE IS IN PENITENTIARY FOR SEVEN-YEAR SENTENCE
(International News Service.)

MOUNDSVILLE, W. Va., Jan. 5.—The West Virginia state penitentiary has just received its first millionaire as a prisoner. Henry Feltman, Kentucky tobacco manufacturer, is beginning a seven-year sentence in the penitentiary here. He was charged with violation of the espionage law.

Feltman came here with two other prominent Kentuckians, Henry Kruse, a brewer, and C. W. Schoberg, a shoe merchant, the former to serve five years and the latter ten years.
